1. The following is an examiner's statement of reasons for allowance: The prior art fails to teach the overall combination because neither Simmons nor Lavecchia teach elongate depressions positioned along opposite outside edges of the bottom surface of the ski on either side of the keel. Both references show downward extensions of the bottom surface along the edges, rather than depressions. Fulsom also fails to teach depressions along the bottom edges.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anne Marie M. Boehler whose telephone number is 571-272-6641. The examiner can normally be reached on 7:30-5:00, Monday-Thursday, and alternate Fridays.
